THE TIME TO PLAN FOR GENERATIONAL CHANGE IS NOW!

The **Children's Board of Hillsborough County, Achieve Management** and **Nonprofit Leadership Center of Tampa Bay** invite you to a one day seminar to hear internationally known nonprofit mission expert Peter C. Brinckerhoff speak about six generational trends that will affect everything nonprofits do.

This presentation is based on his new book, *Generations: The Challenge of a Lifetime for Your Nonprofit* which discusses the generational changes that are sure to affect the nonprofit sector. After years of eye-opening research, he's sounding a wake-up call to nonprofits: the time to plan for generational change is now!

Consider this:

- Baby Boomers will soon be leaving the workforce. Do you have a plan to replace them?
- What's your plan to fill the pipeline with younger people?
- What about your community—will you have more or fewer people to serve?
- What are you doing today to adjust your services, outreach and mission?
- Do you know whether demographic trends mean more or less work for your organization?

Don't miss this opportunity to hear Peter speak. Keep your nonprofit organization relevant and able to meet the changing needs of your staff, volunteers, donors, and the community you serve. Register today!
